THE LAY OF THE LAND

Daytona puts you in the driving seat before the Grand Prix. Give the morning to the kart circuit, then swap racing lines for Fourteen's views over the city and Campbell Park. An indoor flight adds a second kind of speed; lunch and the return journey make a complete outing without it.

DAYTONA KARTING

10:00 - 12:00

DAYTONA KARTING

The International Circuit gives your group its own racing story. First-time adult drivers can start with a four-stroke practice session; an organised sprint brings qualifying, competition and a result to compare afterwards. DMAX is the faster option for racers with the required experience. The two-hour visit allowance includes registration, kit, briefing and time after driving.

GOOD TO KNOW

Example 10:00 visit, subject to an agreed daytime appointment. Call Daytona before reserving the rest of this sequence. Advertised track time is shorter than the full visit; adult and junior products have separate requirements.

FOURTEEN / HOTEL LA TOUR

13:00 - 14:30

FOURTEEN / HOTEL LA TOUR

Fourteen gives the day a different perspective: a restaurant above Hotel La Tour with Campbell Park and the city in view. Settle into the window-lined dining room for contemporary British cooking and a proper lunch after the track. This is also a comfortable finishing point for spectators who have joined the racing outing.

GOOD TO KNOW

Reserve lunch for a time compatible with the agreed kart session. The restaurant serves lunch and dinner; the example 13:00 time is not an available table. Allow a road transfer from Daytona and restaurant arrival time.

TAKE FLIGHT

At Xscape, a vertical wind tunnel supports the flyer while an instructor guides body position. The group can watch through the glass, making this a sociable second activity rather than another long excursion. Finish after lunch for a shorter day, or add this appointment if everyone taking part meets the flight conditions.

15:00 - 16:30 / OPTIONAL

OPTIONAL IFLY

GOOD TO KNOW

The example 15:00 is arrival for a 15:45 flight, allowing the required 45-minute lead-in. Book the offered flight time and allow about 90 minutes on site. Previous shoulder dislocation, pregnancy, equipment fit and the published weight limit affect eligibility.
